

Plant Fitter Engineer –Works Division – Leeds

Company:

William G Search Limited

Location:

Whitehall Road, Leeds, LS12 6EP

Job Type:

Temporary to Permanent

Job Category:

Skilled / Semi-Skilled Engineer

Salary/Wages:

Range: £18-21,500 per annum

Job Reference Code:

2019GA

Posted:**Expiry:**

30/1/19

This is an established role within the Company, working closely with the Works Divisional Manager/Works Office Manager in our Works Division in Leeds dealing with the repair and service of fleet hire equipment, including hydraulic platforms, mobile compressors, golf buggies and other mechanical plant and equipment. Also hire accommodation units, e.g. Welfare units, security stores, office and toilet facilities. You may be required to work on our own equipment or equipment belonging to our clients.

Objective

To work within the team as a key member, responsible for the service and repair of the fleet hire equipment and client equipment as described above. You will be required to work in our Leeds depot but after a successful probationary period you may be offered the opportunity to work on client sites.

Responsible to

The Works Divisional Manager at Leeds, but will be accountable for their own tasks on a daily basis.

Duties

- Service, repair, and maintenance of the hire fleet machinery as described above.
- Service, repair, and maintenance of client machinery as described above.
- Complete engine disassembly and over-hauls on company and client equipment
- Ensure that work is completed accurately and in a timely manner
- Communication with the Works Divisional Manager/Works Office Manager regarding progress of works.
- You may be required to deliver or collect parts and/or materials during our busy season
- Any other reasonable duties as required by your line manager

Person Specification**Essential Skills**

- Engineering experience and/or recognised qualifications
- Good engineering skills, particularly knowledge of one or all of the following:
 - diesel and petrol engines,
 - hydraulic systems, and
 - auto electrics
