**Service Engineer / Fitter – Portable Cabins, Welfares & Service Vehicles**

This is an existing role within our depots, working closely with the Sheffield and Nottingham team. You will be primarily be dealing with planned and reactive maintenance of plant equipment including generators, portable accommodation, mobile welfares, toilets and service vehicles.

**Objective**

To work within the team as a key support member at our Sheffield and Nottingham branches providing a first class service whilst ensuring that our fleet is properly and effectively maintained throughout South Yorkshire and the East Midlands area.

**Responsible to**

The service engineer will be responsible to the Area Supervisor but will be accountable for their own tasks on a daily, weekly, monthly, and annual basis.

**Duties**

- This is a 'hands on' role and you must have the skills and experience required
- Assisting the team to ensure that:
- Hire fleet equipment is cleaned, serviced, maintained and repaired on schedule to meet customer and operational deadlines whether this be planned or reactive.
- Hire fleet operating costs are minimised
- Distribution & service vehicles are correctly maintained, serviced and repaired in conjunction with dealer garages and admin team
- Communication with depot supervisors and administrative team regarding progress of works

**Other duties include:**

- PAT Testing of electrical items in the depot and on client sites
- Ensuring cabins are electrically tested in accordance with current legislation
- Other yard duties including keeping storage yard clean and tidy; sweeping; washing down; weeding; grass cutting; general maintenance
- Assist with deliveries, collections and services when required to meet with customer demands
- Key holder and on intruder alarm call-out list
- To perform any reasonable duty/task as requested
